## **AMATO RUDOLPH EXCELS IN 2024 ISSOM CHAMPIONSHIP**

On June 23, 2024, the Sentul International Circuit in Bogor witnessed an exhilarating performance by Amato Rudolph, a prominent racer from Toyota Gazoo Racing Indonesia (TGRI), who secured a commendable second place in the ITCR 1200 Rising Star Class during the second round of the ISSOM National Car Racing Championship. Rudolph's achievement is a testament to the superior performance of GT Radial Champiro SX-R tires, which provided exceptional grip and control throughout the race. Despite a tough field, Rudolph showcased resilience, particularly against the challenging track conditions.

However, not all racers had the same fortune. Fellow TGRI driver Jordan Johan, piloting the All-New Agya GR Sport, faced mechanical issues late in the race, which unfortunately led to a DNF (Did Not Finish). This incident underscores the unpredictable nature of motorsport, where even the best-prepared vehicles can face unforeseen challenges. GT Radial remains committed to supporting TGRI, providing top-tier tires that meet the rigorous demands of professional racing

## **DJARUM AUTOKHANA SLALOM: TGRI LEADS THE PACK WITH GT RADIAL**

The MLDSPOT Autokhana National Championship Slalom Series 1 on June 8, 2024, at GOR Satria, Purwokerto, saw TGRI demonstrating the exceptional agility and performance of the All-New Agya GR Sport, equipped with GT Radial Champiro SX2 and Champiro GTX Pro tires.

TGRI's impressive showing included:

- 1st place in Class F Championship
- 3rd place in Team A National Championship
- 3rd place in Tandem Championship
- 1st place in Women's Championship

These results underscore the versatility of GT Radial tires, proving their effectiveness across various competitive categories. The All-New Agya GR Sport, after a year of performance enhancements, has clearly become a formidable contender in the slalom arena.

TGRI entered the 2024 season as defending champions in multiple categories from 2023, including National Champion titles in Class F (Modified), Team A, and Tandem, plus a second place in Class A (Standard). With this strong start, TGRI aims to defend these titles throughout the 2024 season.

## **IIMS AUTOSLALOM AND EAST JAVA PROVINCIAL CHAMPIONSHIP: GT RADIAL SUPPORTS GRASSROOTS RACING**

On June 1, 2024, GT Radial played a pivotal role in supporting the IIMS Auto Slalom event in Surabaya. This multifaceted competition served as the East Java Provincial Championship and the U23 Surabaya Mayor's Cup, showcasing GT Radial's commitment to nurturing talent at various levels of motorsport.

Key highlights of the event included:

- Eight competitive classes, forming part of the East Java Regional Championship series 1
- Standout performance by Semarang-based driver Addyek RG, who clinched victory in multiple classes

- Strong support from Surabaya Mayor Eri Cahyadi, emphasizing the event's significance to the local community

The event's integration with the IIMS Surabaya automotive exhibition provided a unique platform to educate the public about motorsports while showcasing the capabilities of GT Radial tires. This synergy between competitive racing and public engagement demonstrates GT Radial's holistic approach to promoting automotive excellence.

Throughout June 2024, GT Radial consistently demonstrated its commitment to motorsport across various disciplines and levels of competition. From supporting top-tier national championships to grassroots events, GT Radial continues to prove its status as a leading tire manufacturer capable of meeting the diverse needs of drivers, from professional racers to everyday motorists.
