GT RADIAL CONTINUES COLLABORATION WITH DAIHATSU AT THE DAIHATSU GATHERING FRIENDS BANDUNG EVENT

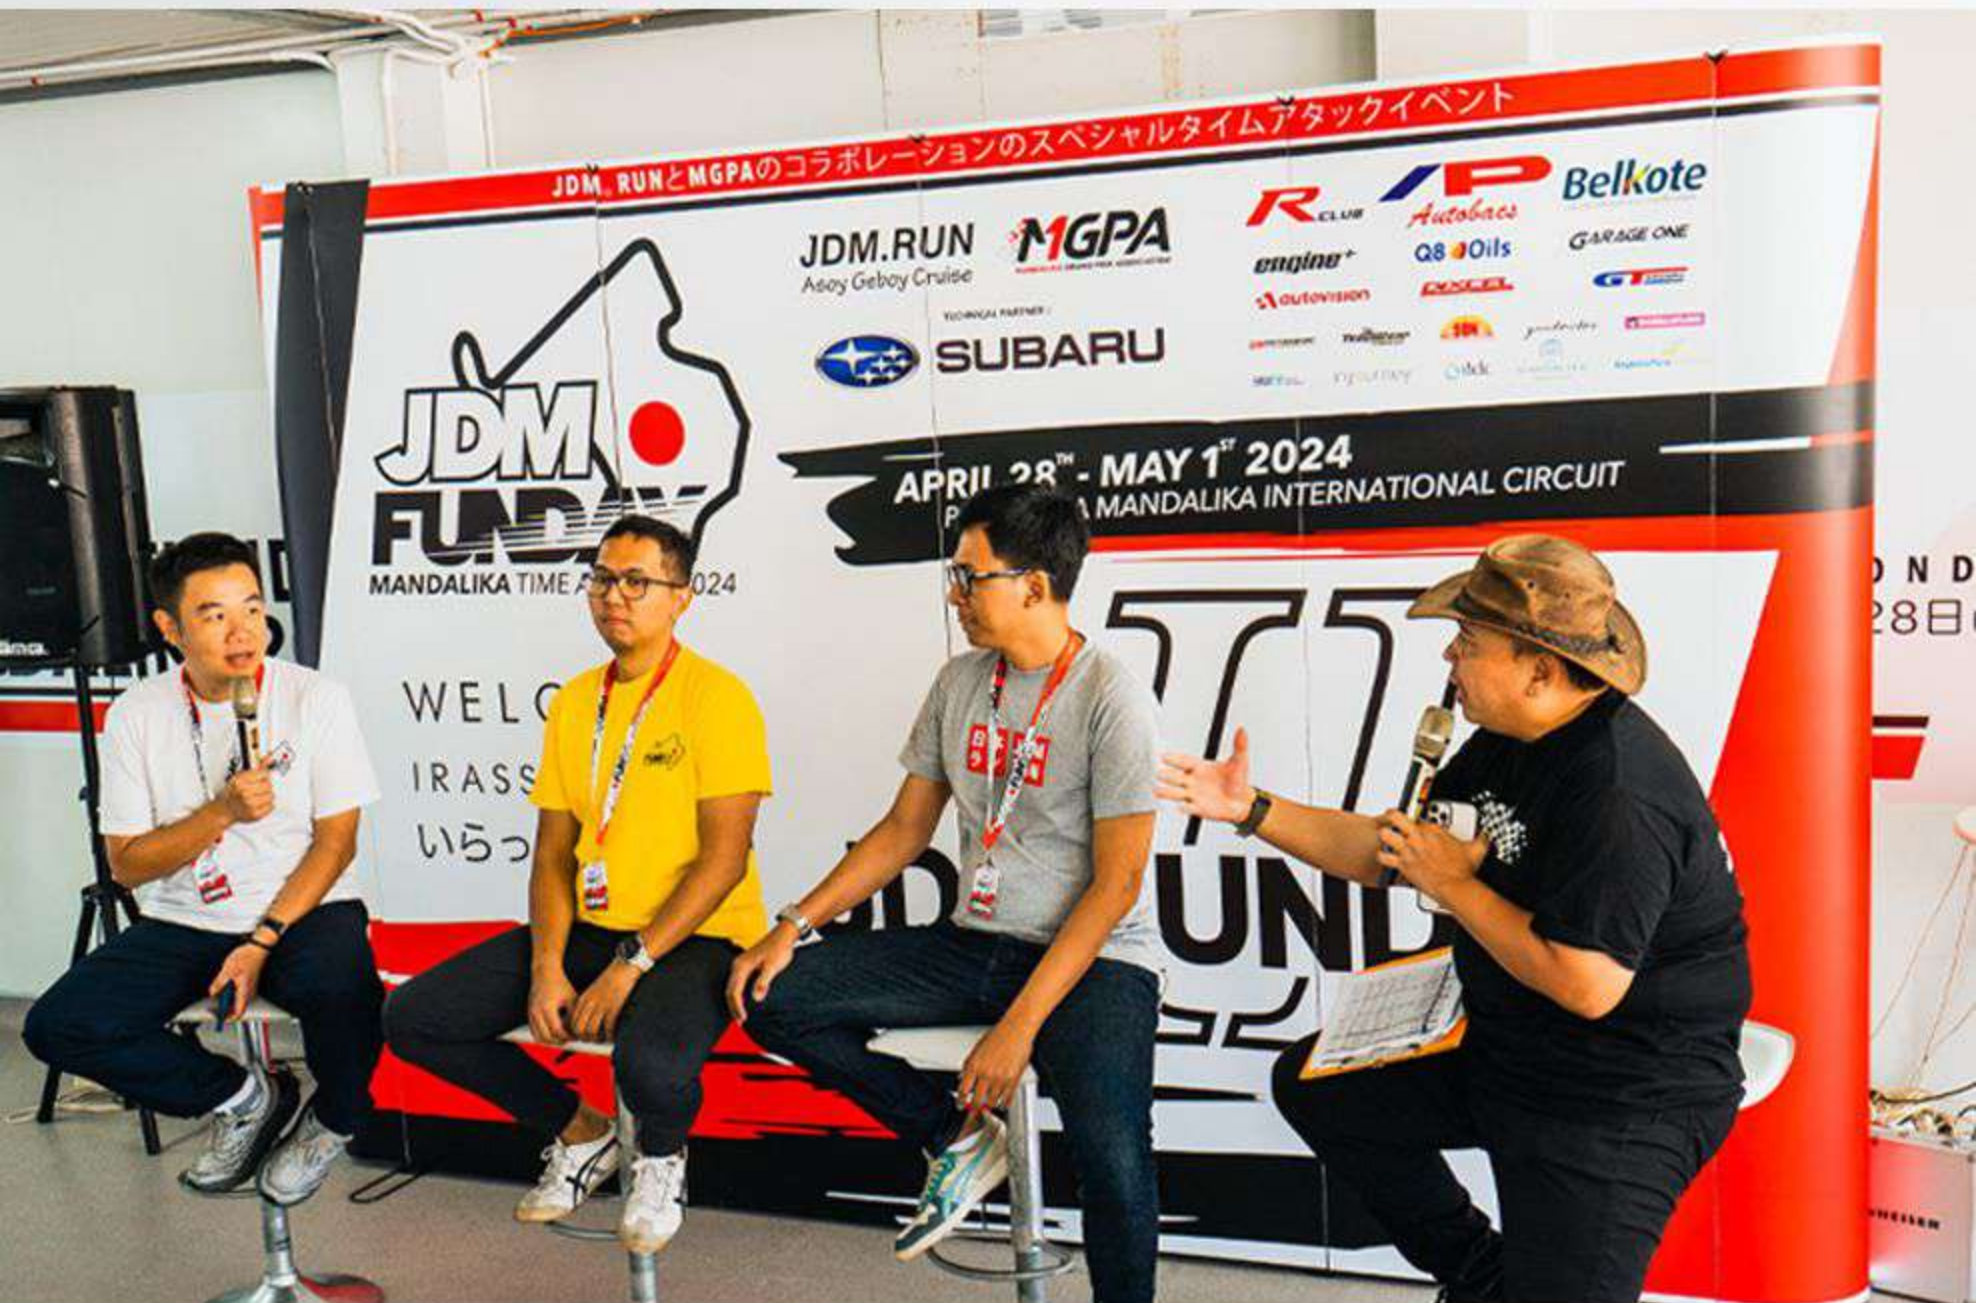

On Sunday, June 2, 2024, residents of Bandung and its surrounding areas enjoyed a fun-filled weekend at the Daihatsu Friends Gathering event held at Kiara Artha Park, Bandung, West Java. This gathering brought together loyal Daihatsu car users and the general public, highlighting Daihatsu's appreciation for its dedicated customers.

GT Radial, a close partner of Daihatsu, has consistently collaborated in Daihatsu's events, reinforcing their strong relationship. During the event, GT Radial was given a dedicated space to showcase its range of high-quality tires, providing attendees with an opportunity to learn more about the products.

Additionally, GT Radial offered special promotions and sales, allowing visitors to purchase tires directly at the event.

The Friends Gathering event featured a variety of exciting and unique activities, including Zumba sessions, a bazaar, music entertainment, a rolling thunder parade featuring both the Daihatsu and two-wheeled communities, and thrilling competitions and games for both children and adults with attractive prizes. The event also included an engaging talk show with an automotive influencer, discussing tips for comfortable driving and advice on buying a new car.

Daihatsu acknowledged the support of its sponsors, with GT Radial contributing significantly by providing door prizes of two sets of tires and merchandise for the game booth winners. The presence of GT Radial not only added value to the event but also emphasized the brand's commitment to supporting Daihatsu and its community.

GT RADIAL POWERS JDM RUN MANDALIKA: THE BIGGEST TIME ATTACK ON THE MANDALIKA CIRCUIT

GT Radial proudly supported the JDM Funday Mandalika 2024, reinforcing its commitment to high-performance motoring enthusiasts. The event, organized by the largest JDM (Japanese Domestic Market) sports car community in Indonesia, took place from April 28 to May 1, 2024, at the Pertamina Mandalika International Circuit in Lombok, West Nusa Tenggara (NTB).

With a total of 85 high-performance Japanese cars from across Indonesia participating in the Time Attack competition, GT Radial showcased its top-tier SX2 and SX-R tires. These tires, designed to meet the demanding needs of JDM enthusiasts, were featured on iconic vehicles such as the Subaru WRX STI, Honda Civic Type R FK8, Mercedes AMG A35, and Honda Civic Type R FD2.

The event provided a platform for participants to explore their vehicle's capabilities with the safety and performance offered by GT Radial tires.

The vehicles were divided into three classes: Standard Class, Street Class, and Race Class, ensuring fair and engaging competition for all participants. GT Radial's involvement extended beyond tire supply; it was a significant sponsor, further cementing its reputation for supporting high-octane motorsport events. The JDM Funday Mandalika 2024 was also supported by Subaru Indonesia as the Official Technical Partner, along with other sponsors such as APM Autobacs, Belkote, R-Club, Engine+, Dixcel, SM Motorsport, Teckwrap, Sun Fireworks, Gorilla Flava, Goodrides, and Garage One.

GT Radial's SX2 and SX-R tires are not only suitable for JDM enthusiasts but have also proven to be winning choices in touring and slalom races, officially used by Toyota Gazoo Racing Indonesia. These tires are also ideal for drifting, offering unparalleled grip and performance. GT Radial's support for JDM Funday Mandalika 2024 underscores its commitment to providing high-quality, performance-driven tires for motorsport enthusiasts.

CALSIC SECIPARAYA AND GT RADIAL PIONEER MARINE ENVIRONMENT CONSERVATION

The Banten Chapter of the Calya Sagra Club car community, covering Serang, Cilegon, and Pandeglang (Seciparaya), has taken a significant step in environmental conservation by becoming the first automotive club to support coral reef preservation. This commitment was announced during the 6th anniversary celebration of Calsic Banten Seciparaya (CBS) held at Matahari Carita II Beach, Pandeglang, on Sunday, May 26, 2024. The Calsic community's mission extends beyond driving safety; it also includes social and environmental care programs aligned with the Sustainable Development Goals (SDGs). The community collaborates with the Banten Coral Reef Conservation Forum (F-PTK) to support coral reef conservation efforts.

The festive event was attended by notable figures such as the Secretary of the Indonesian Motorcycle Association (IMI) Banten Province, the Chair of the F-PTK, and other community members in Banten. Sponsors including GT Radial, NGK, HSR, NINE, Raylight, and others played a vital role in the success of the event. The anniversary activities featured education on installing coral reef frames, active plastic waste cleanup, and providing support to orphans. Additionally, the inclusion of CALSIC MSMEs added to the event's vibrancy and success.

GT Radial's involvement underscored its commitment to environmental sustainability. By supporting CALSIC's initiative, GT Radial demonstrated its dedication to both social and environmental causes. The collaboration aims to ensure that CBS remains a leader in community-driven environmental preservation, protecting not only land but also marine environments, which are crucial for maintaining air quality and ensuring a sustainable future.

GT RADIAL TIRES PROVE THEIR TOUGHNESS AT THE ANCOL JAKARTA SUPERSPORT CHAMPIONSHIP DRIFTING EVENT

The Ancol Jakarta Supersport Championship (AJSC) returned to the Ancol Carnaval area in North Jakarta, bringing more excitement and activities to its second series held on May 11-12, 2024. This year's event saw an increase in both the number and quality of participants across all racing sports, featuring notable drivers such as Naufal Rafif Busro, Rendy Btx, Rocca, and Rengga Mahendra.

Among the highlights was GT Radial's official drifter, Naufal Rafif Busro, the national champion in the Pro class drifting category in 2023. This time, he faced fierce competition from 11 other Pro class participants. Despite the tough competition, Naufal Rafif

Busro showcased his exceptional drifting skills and the durability of GT Radial tires, securing a commendable 2nd place finish. His performance not only demonstrated his own driving prowess but also highlighted the superior quality of GT Radial tires in high-pressure, competitive environments.
