## **GT RADIAL COLLABORATES WITH TOYOTA YARIS CLUB INDONESIA AT ITS 18TH ANNIVERSARY EVENT**

GT Radial recently partnered with the Toyota Yaris Club Indonesia (TYCI) to celebrate its 18th anniversary on 31 August - 1 September 2024. The event, held in Cirebon, Central Java, was themed "Together We Thrive United as One," symbolizing unity and shared enthusiasm for automotive excellence. The celebration kicked off with an emission test, underscoring TYCI's commitment to carbon neutrality. The emission test was followed by a group tour to the scenic city of Cirebon, where TYCI members embarked on an environmental initiative by planting trees as part of their Corporate Social Responsibility (CSR) efforts.

Around 150 TYCI members from Jabodetabek, Sumatra, and East Java participated in the event. GT Radial supported the event through its GoSafe and Peduli Bumi campaigns, which emphasize safety and environmental preservation. The collaboration between TYCI and GT Radial is a testament to their mutual dedication to sustainability. This partnership highlights the automotive community's potential to contribute to environmental preservation, creating a positive impact beyond the excitement of driving.

The event not only celebrated the joy of motoring but also reflected TYCI and GT Radial's commitment to promoting eco-friendly initiatives. Together, they set a new standard for responsible automotive events, blending community engagement with environmental action to ensure a greener future for the automotive world.

## **GT RADIAL SUPPORTS MERCEDES BENZ TIGER CLUB INDONESIA TOURING EVENT**

GT Radial took part in the 19th Jamnas (National Jamboree) organized by the Mercedes-Benz Tiger Club Indonesia (MTC INA) on September 27-28, 2024, in Bali. MTC INA, a community of enthusiasts for the Mercedes-Benz W123 model, also known as the Mercy Tiger, celebrated their passion for the iconic car by organizing a large-scale touring event on the island.

Bali, known for its natural beauty and cultural heritage, was the perfect setting for the event. Not only did participants enjoy exploring the island's scenic roads, but the event also supported local tourism and empowered Micro, Small, and Medium Enterprises (MSMEs). Through MTC INA's extensive social media reach and collaboration with media partners, the event showcased the potential of road trips to promote Indonesia's stunning landscapes and vibrant culture.

GT Radial's sponsorship of the event demonstrates its commitment to promoting both local tourism and sustainable travel. The brand has been a strong supporter of road trips and touring events, and its involvement with MTC INA further cements its role in empowering the local economy while nurturing the love for classic cars. This partnership successfully connected the automotive world with Indonesia's tourism sector, highlighting GT Radial's focus on sustainable driving experiences.

## **CALSIC BANTEN CELEBRATES FIRST ANNIVERSARY WITH GT RADIAL, FOCUSING ON ENVIRONMENTAL SUSTAINABILITY**

GT Radial proudly supported the CALYA SIGRA CLUB (CALSIC) Regional Banten Jawa's first anniversary, held on 8 September 2024 at Rajeg Fun Park, Tangerang. The event, themed around the "Four Strengths of Banten Jawa," brought together four chapters of the club and marked a special occasion by engaging with the local community. As part of the celebrations, the event included a Corporate Social Responsibility (CSR) activity where members and participants worked together to educate the community about environmental issues.

The event featured tree planting, active plastic waste cleaning, and providing assistance to orphans, embodying the commitment to environmental and social responsibility. Additionally, the presence of CALSIC's UMKM (Micro, Small, and Medium Enterprises) contributed to the vibrant atmosphere of the event, showcasing local products and supporting economic empowerment.

GT Radial's participation in this initiative underscores its dedication to environmental sustainability. By partnering with CALSIC, GT Radial aligns itself with social causes that promote cleaner air and a greener future. This collaboration emphasizes the importance of community-driven efforts to address environmental challenges and preserve the earth for future generations. GT Radial's ongoing support for such initiatives reinforces its role in contributing to both social welfare and environmental conservation, ensuring a sustainable future for everyone involved.

## **GT RADIAL RETURNS TO PODIUM WITH TGRI IN 2024 CIANJUR NATIONAL SLALOM CHAMPIONSHIP**

GT Radial once again made its mark on the motorsport scene by partnering with the Toyota Gazoo Racing Indonesia (TGRI) team at the 2024 Cianjur National Slalom Championship, held on September 7, 2024. The fourth series of the MLDSPOT Autokhana 2024 Slalom Championship took place at the Pasir Hayam Circuit, where TGRI, equipped with GT Radial SX2 and GTX Pro tires, dominated the event.

In the prestigious F National Championship (Modification), TGRI's Anjasara secured the first position with an impressive time of 00:49.408. The team also shone in other categories, including the A3 Class, where Anjasara placed second with a time of 01:42.000, and Adrianza came in third with 01:42.356. Herdiko's fifth-place finish contributed to a total team time of 05:07.833, clinching the Team A National Championship podium.

Additionally, Alinka delivered a stellar performance in the Women's National Championship, claiming the top spot with a time of 00:50.804. The thrilling race attracted a lively audience at the Pasir Hayam Circuit, with GT Radial's high-performance tires proving their superiority in competitive racing. This victory not only reinforces GT Radial's position in motorsport but also highlights its ongoing commitment to supporting competitive racing in Indonesia
